

→ TOM WATSON: LESSONS OF A LIFETIME

Want to learn the game from one of the best golfers ever? Check out the new instructional DVD, "Tom Watson: Lessons of a Lifetime."

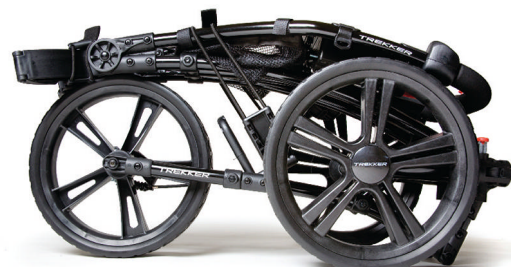

The two-disc set contains about three hours of essential instruction from the eight-time major champion and World Golf Hall of Fame member. This is truly an all-encompassing learning experience that covers all facets of the game, including the grip, full swing, chipping, putting and specialty shots — most notably how to play in windy conditions, something Watson, a five-time British Open champion, arguably has done better than anyone.

The DVDs are accompanied by a booklet of 44 individual lessons, meaning Watson's precepts are always close at hand in case a DVD player isn't close by.

Encyclopedic in its skill and strategy coverage, "Tom Watson: Lessons of a Lifetime" is a must for beginning golfers, weekend warriors and experienced players seeking to take their games to the next level. Watson imparts everything in an easy-to-understand manner as if golfers are there with him, meaning viewers can begin applying the lessons immediately on the practice tee.

"It's very important that golfers — whether they are beginners or have played for 50 years — learn and understand the fundamentals," Watson said. "These are the building blocks every golfer needs to have in order to play up to their potential but, more importantly, to have fun."

"Tom Watson: Lessons of a Lifetime" is available for \$49.95 at select golf and sporting goods retailers and pro shops. **The set also can be purchased by calling (800) 993-5589 or visiting tomwatsondvd.com.**

→ TREKKER TC3 FREESTYLE

The Trekker TC3 Freestyle three-wheel deluxe push cart is one of the lightest, best-rolling, and best-balanced caddy carts available. Developed by Pomona-based Trekker Caddy Company, the cart is crafted from high-strength aircraft-grade aluminum tubing, allowing for an incredibly lean overall weight of 15 lbs. T-shaped sub-frame technology makes for an extremely low center of gravity, meaning better maneuverability and best-in-class "free roll" that tests 30 percent better than the leading competitor. The TC3 Freestyle is easy to use and takes about 10 seconds to put up and down. With folded dimensions of 15x32x14 inches, it fits conveniently into its accompanying free travel bag. The TC3 Freestyle retails for \$189 and is available in five different colors. **For more information, call (909) 865-8886 or visit trekkercaddy.com.**

→ CLIGGEAR MODEL 3.0

Not only is the Cliggear Model 3.0 one of the most compact and durable push carts available, it incorporates a range of new features from previous Cliggear offerings. New levers and release buttons have been incorporated to make the cart even easier to open and close. An enhanced lever makes activating the front brake simpler. A larger console includes a mesh storage net and a ball storage clip. Plus, there's a beverage holder and mount clips designed to hold a range of Cliggear accessories such as a shoe brush and a sand bottle. Oversized aircraft-grade aluminum tubing, maintenance-free airless tires and a warranty are standard with the Model 3.0 and all other Cliggear push carts. **For more information, call (888) 742-2542 or visit cliggearusa.com.**
